

# Innovation

Technology has finally  
caught up to the Air Cannon!

## Replace 2 Air Cannons with ONE.

### Who We Are.

— Dracyon Corp is a combination of two words and companies: Drayton Corp and Halcyon Technologies. These were the original names of two successful companies which were started by Dracyon Corp President Jeff Shelton, and both companies were fueled by innovative products and hard work.

Our goal is to help lower pollution, improve efficiency, and increase productivity at your plant or factory.

Our #1 priority is to meet the customers' needs and change the markets we enter with innovation and hard work.

**10  
YEAR  
WARRANTY**

### 10 Year Warranty!

Our unprecedented 10 Year Warranty is our bold commitment to our clients. It is in fact the best warranty in the industry. We liken our warranty to a partnership of innovation with our clients.

The Industry's best Air Cannon should logically accompany the Industry's best Warranty!

## More Power, More Volume. Less Buildup

### Our Mission.

— Dracyon Corp personnel has experience in every aspect of air cannons: design, manufacturing, installation, maintenance, and proper application. As a result, we believe that we can improve the performance of any and all air cannons at your facility.

### Walk The Tower.

— Dracyon's trained professionals will walk your preheat tower and examine all of your Air Cannons to gain operational benefits. Dracyon will train your crew on how to eliminate manual cleaning while improving your existing system.

### Our Success.

— Dracyon Corp is a leader in air cannon technology and innovation, and our employees hold several patents related to air cannons. We provide full-service consulting on all air cannon applications, and we guarantee we can improve the efficiency, effectiveness, and productivity related to your air cannons.

**Innovating Today,  
For a More Productive  
Tomorrow.**

2024

Dracyon provides products and services that add real value for our customers. Innovation is part of our DNA.

— **Jeff Shelton**

## **About Us.**

— Dracyon Corp personnel has decades of experience working with every aspect of the Cement Industry.

Our goal is to help you increase productivity by providing solutions to your buildup problems while saving you millions in operational costs.

Everyone should demand more from their air cannons. Dracyon can show you how.

A large, vertical image of a cement plant at night, illuminated with blue light. The image is overlaid with large, white, bold text. The text "We Know Air Cannons!" is written vertically, with "We" at the top, "Know" in the middle, and "Air Cannons!" at the bottom. The text is partially obscured by the blue light and the industrial structures of the plant.

**We  
Know  
Air Cannons!**
